

Young Women in Topology

Date: Friday, July 6 to Sunday, July 8, 2012

Location: Beckmanns Hof, Ruhr-Universität Bochum

Organization: Graduiertenkolleg 1150 Homotopy and Cohomology

This is the third meeting of our new series of weekend-long workshops aimed in particular at female Master students, PhD students and Postdocs in topology.

Program

The workshop centers around a series of three lectures

by **Dr. Vesna Stojanoska** (MIT) on **Knowns and unknowns in the world of topological modular forms**

The lecture will be complemented by shorter talks of the participants, and ample time for discussion.

Female participants are invited to submit an abstract for a contributed talk and to apply for financial support.
